### OFFICE OF LEGISLATIVE COUNSEL

Monday - 18 April 1960

1. (Confidential - JSW) Talked with William Darden and Ken Bolieu (Senate Armed Services & Senate Aeronautical and Space Sciences Committees respectively) indicating that as a part of the general effort to review and tighten up security procedures generally we were considering doing an inspection of the facilities and procedures of Ward and Paul but wanted their views first. I stated this was not an investigation but simply a review. Mr. Darden and Mr. Bolieu saw no objection to our doing this but thought we should approach it with Ward and Paul on the basis of assisting Ward and Paul as well as the Agency to maintain adequate security. In fact they offered to bring up this matter with Ward and Paul and I suggested I thought we could handle it in view of our past dealings with them. ✓

2. (Unclassified - JGO) Received from House Appropriations Defense Subcommittee a transcript for March 14 and 15, 1960 (pp. 1911-2250) containing the testimony of Lt. Gen. Arthur G. Trudeau, Chief of Research and Development, Department of the Army. The transcript was transmitted to [redacted] OSL, and is to be returned to the Committee on Wednesday. STAT
